For further inquiry please contact Wray City Hall at 970-592-2104.

The goal of this policy is to remain in compliance with the Centers for Disease Control (CDC) in achieving the following activities:

1. Prevent and reduce transmission among employees,
2. Maintain healthy business operations, and
3. Maintain a healthy work environment for employees and customers.

POLICY:

1. Employee conduct and monitoring:
 - a. Employees will wear cloth face coverings in the workplace if work requires employee to come within 6 feet of customers.
 - b. Encourage employee spacing of 6 feet or more.
 - c. Conducting daily health checks: staff will monitor and document symptoms and temperature of staff at the beginning of their shift. Monitoring includes symptoms and temperature. If thermometers are not available to the business, ask staff to take their temperature at home and self-report at the time of their daily health check.
 - d. Symptomatic employees: if an employee reports any symptoms or tests positive during daily health checks, employer will immediately isolate staff member. Staff should not be allowed to work until the following:
 - i. If TESTED positive for COVID:
 1. Staff member receives two negative test result at least 24 hours apart, and
 2. Staff member's fever has resolved, and
 3. Symptoms are improving
 - ii. If TESTED NEGATIVE, may return to work when symptoms resolve
 - iii. If NOT tested for COVID:

1. Staff member has no fever for at least 72 hours without use of medication, and
 2. Symptoms have improved, and
 3. At least 10 days have passed since symptoms first appeared.
 - iv. A physician order is provided releasing staff to return to work.
 - e. Training:
 - i. Staff are trained for the following:
 1. Wash hands with soap frequently for at least 20 seconds.
 2. Use alcohol-based hand sanitizer
 3. Avoid touching eyes, nose, and mouth.
2. Environmental Precautions:
 - a. Clean all high-touch surfaces frequently and at least daily such as door knobs, faucets, phones, etc.
 - b. Staff will clean high touch areas of equipment at least every two hours during hours of operation. Thorough cleaning of each piece of equipment will be completed daily.
 - c. Signage will encourage customers to clean equipment before and after use. Disinfectant wipes will be provided to customers.
 - d. Consider providing resources that promotes personal hygiene. This includes opportunities to wash hands and hand sanitizer for staff and customers.
 - e. Consider implementing environmental measures such as plexiglass barriers in areas with frequent employee customers contacts.
3. Business Occupancy and customer spacing:
 - a. Spread customers out so there is at least six feet distance between individuals throughout.
 - b. Implement early opening for high-risk individuals.
 - c. Group classes are not allowed.
 - d. Saunas, pools, and shared spaces should remain closed.
 - e. Limit the number of clients to:

In a confined indoor space, in order to achieve 6 feet social distancing, the capacity will be limited to 50% of the posted occupancy code limit ensuring a minimum of 28 sq feet per person.
 - f. Social gatherings are not allowed at this time such as festivals.
 - g. Social distancing requirements will be posted for customers throughout the facility and on company website if possible.
 - h. Waiting areas will have seating spaced to allow distancing of six feet.
 - i. Locker rooms may be used. Signage will reflect social distancing of 6 feet or more. Tubs used to store belongings must be "checked out" to customers. Staff will thoroughly disinfect the tubs prior to use by next customer. All personal belonging must be kept in lockers or in tubs.
 - j. Smaller rooms such as weight room, racquetball courts, and basketball courts will have a limit of 1 person per 28 sq feet. All balls and racquets will be thoroughly disinfected

between users by staff. Signage in each room will display maximum number of people allowed. Disinfection of weight equipment will follow item 2b and 2c above.

- k. Sauna and Hot tub are allowed to open allowing one person at a time in the tub. Customer would be required to clean surfaces and hand rails before and after using the tub and sauna.
