

Yuma County School Districts - Summer Activity Policy for COVID-19

On May 22, 2020, Yuma County Variance from Public Health Order 20-28 was approved by the Colorado Department of Public Health and Environment (CDPHD). Wray School District-1 follows the requirements of the Yuma County Plan for COVID-19 as approved by the CDPHD, Northeast Colorado Health Department, the Yuma County COVID Taskforce, and the City of Wray. The following information provides details of the regulations followed by our district. We agree to follow the requirements within this document or the Colorado executive orders if more lenient than the requirements within this document.

Signed: _____ Date: _____
Superintendent

For further inquiry please contact Wray City Hall at 970-592-2104.

The goal of this policy is to remain in compliance with the Centers for Disease Control (CDC) in achieving the following activities:

1. Prevent and reduce transmission among all participants
2. Maintain healthy access to summer activities
3. Maintain a healthy environment for all staff and student athletes

POLICY:

1. Staff and Student Athlete conduct and monitoring:
 - a. Encourage spacing of 6 feet or more when possible.
 - b. Conducting daily health checks: staff will monitor and document symptoms and temperature of staff and student athletes at the beginning of each session. Monitoring includes symptoms and temperature. During health checks ALL staff and student athletes must wear masks. Once staff members and student athletes are cleared, they may remove their masks for the training session.
 - c. Symptomatic individuals: if a member reports any symptoms or tests positive during daily health checks, the coach will immediately isolate the individual. In this case the individual should not be allowed to return until the following:
 - i. If TESTED positive for COVID:
 1. They receive two negative test results at least 24 hours apart or wait 10 days from start of symptoms, AND
 2. Their fever has resolved, AND
 3. Symptoms are improving
 - ii. If TESTED NEGATIVE, may return when symptoms resolve

- iii. If NOT tested for COVID:
 - 1. The individual has no fever for at least 72 hours without use of medication, and
 - 2. Symptoms have improved, and
 - 3. At least 10 days have passed since symptoms first appeared.
 - iv. A physician order is provided releasing them to return to activities.
 - d. Training:
 - i. Staff are trained for the following:
 - 1. Wash hands with soap frequently for at least 20 seconds.
 - 2. Use alcohol-based hand sanitizer
 - 3. Avoid touching eyes, nose, and mouth.
2. Environmental Precautions:
 - a. Clean all high-touch surfaces frequently and at least daily such as door knobs, faucets, phones, etc.
 - b. Staff will clean high touch areas of equipment at least every two hours during hours of operation. Thorough cleaning of each piece of equipment will be completed daily.
 - c. Signage will encourage staff and student athletes to clean equipment before and after use. Disinfectant wipes will be provided.
 - d. Consider providing resources that promote personal hygiene. This includes opportunities to wash hands and hand sanitizer for staff and student athletes.
3. Occupancy and personal spacing:
 - a. Spread equipment out so there is at least six feet distance between individuals throughout.
 - b. Limit the number of clients to:

In a confined indoor space, in order to achieve 6 feet social distancing, the capacity will be limited to 50% of the posted occupancy code limit ensuring a minimum of 28 sq feet per person.
 - c. Social distancing requirements will be posted throughout the facilities.
 - d. Locker rooms and showers may be used. Staff will stagger students so that students can maintain 6 feet social distancing in the locker room and showers. Students will be given the option to come dressed to participate without using locker room or showers.
 - e. Disinfection of weight equipment will follow item 2b and 2c above.
4. Team Activities
 - a. Weight rooms may be open, conditioning session may be held, and team specific activities such as, open gyms, 7 on 7's, or organized practices are allowed as long as it meets the criteria for 3b above. Contact sports will be allowed. Sports equipment such as balls, bats, and other equipment may be used as long as it is disinfected between sessions.
 - b. The task for has the authority to determine that activities should be more limited based on infection rates in the county.
 - c. Teams may arrange an out of town camps as long as students are screened prior to attending the camp and daily while at the camp. Plans must be in place to ensure an athlete can be isolated and sent home immediately if a student begins to experience

symptoms. Coaches should assess the screening processes at the camp to ensure all participants are screened to avoid exposure of students to others who are sick.
